

A close-up profile of a fox, likely a red fox, with its mouth slightly open, showing its teeth. The fox has a mix of brown, tan, and grey fur. The background is a blurred natural setting with green and brown tones.

Human/Predator Conflict - A Farmer's Experience

Frans Bussiahn

Non-Lethal Control Measures

1) Synchronized & Intensive Kidding - Goats

2) Territoriality

3) Natural Prey Abundance

4) Mindset
