

MOSA & SANParks present

# Water Research Days @ Phalaborwa

11 - 13 May 2015, KNP Phalaborwa Gate

## Highlights

- Free MOSA Event for schools and universities
- Meet environmental specialists and learn more about water resources management
- Support water researchers in their practical work
- Play the Water Game and prove your water management abilities

## Additional Infos

[eddie.riddell@sanparks.org](mailto:eddie.riddell@sanparks.org)  
[hilbig@uni-wh-ieem.de](mailto:hilbig@uni-wh-ieem.de)

## Venue

Research Facilities at KNP  
Phalaborwa Gate

## Water Research Days @ Phalaborwa

- river health monitoring (SASS)
- water quality sampling and Mobile Lab demonstration
- [mosa.aquarepublica](http://mosa.aquarepublica.com): water management simulation

MOSA is a German funded Integrated Water Resources Management project in the Olifants river basin. In cooperation with KNP MOSA is monitoring Olifants water quality in the Phalaborwa region in May 2015. Join the team of SANParks environmental specialists and MOSA water researchers during a day in the field and in the Lab and learn more about water resources management.

## Registration

Please contact Mrs. Patience Mdungazi (SANParks)
